

EDITORIAL NOTE

Revista Ciencias Técnicas Agropecuarias 34 January-December 2025 ISSN 1010-2760, eISSN 2071-0054 Cu-ID: https://cu-id.com/2177/v34e01

The journal Ciencias Técnicas Agropecuarias (RCTA) will, starting in 2025, stop publishing by numbers, and adopt the modality of Continuous Publication, without numbers, as a publication method.

From that moment on, the articles will be published when the editorial process is concluded.

The journal Ciencias Técnicas Agropecuarias is a multidisciplinary scientific journal. Its objective is to be the main means of disseminating scientific and technological knowledge to the national and international community. The Journal accepts works in Spanish, Portuguese and English, on topics related to Agricultural Engineering. These may be original articles, technical notes, points of view, reviews and letters to the editor.
